

THE TEKNEK MINI WEB CLEANER

teknek

An ITW Company

PATENT APPLIED FOR

TEKNEK MWC

The new Mini Web Cleaner has been specifically designed to provide single or double sided cleaning in narrow converting applications. The wide range of yield improvement opportunities for this machine include label printing, holographic foils, printed electronics, laminating, coating, slitting, before inspection and many more.

TEKNEK CLEANING CORE - made in Teknek

The combination of our elastomer rubber and engineered adhesive rolls result in the unique, high performance Teknek Cleaning Core.

-  **Knowledge** - global experience - multiple industry sectors
-  **Innovation** - proprietary technology - scientifically proven
-  **Value** - unrivalled cleaning performance - highest yield improvement

Without the "core" it's only a conveyor

An ITW Company

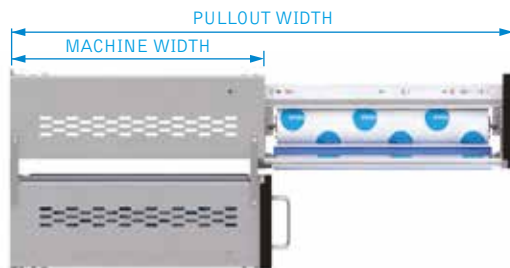

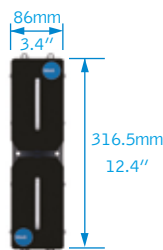

FEATURES	BENEFITS
Teknek Cleaning Core	Highest performance cleaning rollers available worldwide
"Side access" sliding module cleaning cartridges	Allows easy access to the rollers in the machine. Reduces maintenance down time
360 deg mounting	Can clean any web path
Operated by line running signal	Automatic cleaning
Full machine covers	Operator safety
Nanoclean™ available	Silicone free cleaning core

OPTIONS

- Active anti static system
- Standard mounting brackets
- Single sided
- Single sided + diverter roller
